25X1

My apologies for not having acknowledged more promptly your nice letter of 20 April. I was very gratified to receive the Minute of the eighth April United States Intelligence Board Meeting.

We have been tremendously busy trying to get unpacked and settled and are now at about the half-way mark. I hope that later, when we are in running order, we will have a visit from the  Meantime, please give my very best regards to all the friends at the office.

25X1

Sincerely,

25X1
